

OPSWAT is an E-Verify employer

What is E-Verify

E-Verify is an Internet-based system that compares information entered by an employer from an employee's Form I-9, Employment Eligibility Verification, to records available to the U.S. Department of Homeland Security and the Social Security Administration to confirm employment eligibility.

Verification of Employment Eligibility

E-Verify operates with speed and accuracy. E-Verify is the only free, fast, online service of its kind that electronically confirms an employee's information against millions of government records and provides results within as little as three to five seconds.

Today, E-Verify:

- Has over 967,000 enrolled employers of all sizes
- Includes more than 2.4 million hiring sites
- Is joined by about 1,500 new participating companies every week
- Is one of the federal government's highest-rated services for user satisfaction.

This employer participates in E-Verify and will provide the federal government with your Form I-9 information to confirm that you are authorized to work in the U.S.

If E-Verify cannot confirm that you are authorized to work, this employer is required to give you written instructions and an opportunity to contact Department of Homeland Security (DHS) or Social Security Administration (SSA) so you can begin to resolve the issue before the employer can take any action against you, including terminating your employment.

Employers can only use E-Verify once you have accepted a job offer and completed the Form I-9.

E-Verify Works for Everyone
